

## *Procedure for Becoming an ARL TheraPets Team*

### **1. Application**

- a. All prospective volunteers will submit program-specific application.

### **2. Attend ARL TheraPets Training Workshop** *(without animal)*

- a. Topics to be covered include: responsibilities of an ARL TheraPets volunteer, definitions related to and benefits of Animal Assisted Interventions (AAI), qualities needed to succeed, HIPAA/confidentiality, infection control, working with different populations/client interactions, therapy animal's well-being and more. Plus review the TheraPets Team Assessment.

### **3. Observe a Visit** *(optional)*

### **4. Pet Health Screening Form**

- a. Any vaccinations/testing due must be completed *prior to* the TheraPets Teams Assessment, at the volunteer's expense. Failure to do so can result in the assessment being canceled.

### **5. The TheraPets Team Assessment**

- a. An assessment of the potential TheraPets Team is performed *(at [ARL Main](#))* by the Program Coordinator and ARL's Pet Behavior department. After completion, the Program Coordinator will review score and next steps with the volunteer.

### **6. Select Facility** *(after passing Team Assessment)*

- a. The volunteer selects a facility from the TheraPets Partners list and contacts them directly to schedule their first and subsequent visits.
  - i. Team may be accompanied on their first visit by program coordinator or other experienced TheraPets volunteer.

---

### **Current/Past Members of Other Therapy Animal Organizations**

*Some potential volunteers may have/had therapy animal certification or registration with another organization. In order to become an ARL TheraPets Team, all volunteers must complete our process as outlined above.*
